Hazardous Waste Classification

What it means for your business

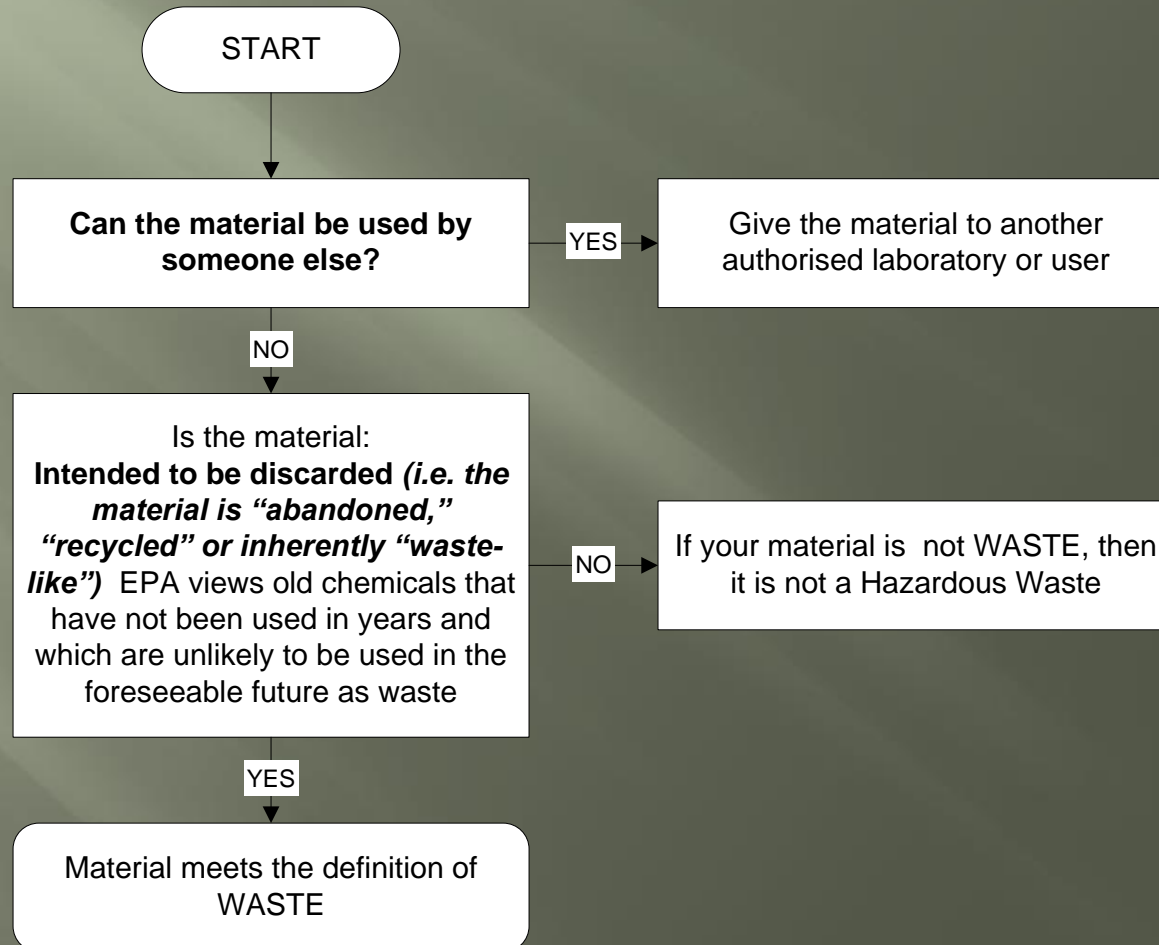

WHAT IS A HAZARDOUS WASTE?

- All wastes are defined by a code
- The List of Wastes defines almost all wastes
- The code is a six digit entity Eg:
 - 17-06-01 Insulation containing asbestos*
 - 17-04-01 Brass, copper and brass*
 - 17-05-03 Soils and stones containing hazardous substances*

HAZARDOUS WASTE DETERMINATION FLOWCHART

HAZARDOUS WASTE DEFINITION FLOWCHART
